Please note: The DVD runs approximately 32 minutes and it takes the same amount of time to burn the DVD. The labels for the DVD case are created on photo paper. If you send a photo of yourself before and/or after, or something to do with a hobby, a favorite place you visited, or for example Rosemary Blanchard sent photos of snow in Rufugio which is rare footage and I added that to the video. Fred Broussard took photos of bears in Alaska. I added that to the video. Joan Willoughby is going to send a photo of her horses and I will personalize her DVD to include her photo of her horses. One or two photos of your own and I will personalize the DVD for you and it will still fit with the music.

I was able to add one more photo of Franklin School that somebody provided at the reunion on Saturday night.

Alfred and I will be going on vacation to Branson the last week in April and the first week in May so keep that in mind please.

I am so proud that our 50<sup>th</sup> reunion was such a success and to have Jackie Gullede Zweiger and Bertha Hebert as our guests!
